

BULLER ADVANCES ON TUGELA RIVER

Supported By Naval Guns Two More Kopjes Have Been Taken

RENSBURG IS RETAKEN

The British Are Making Slow Progress Towards Relief of Ladysmith

Ladysmith Watches the Approach of the Relief Force With Great Anxiety and White's Naval Guns Are Cooperating With Buller—Food Supply of the Town is Holding Out—Buller's Losses Will Reach 1,500.

Colenso, Feb. 28.—[Special Cablegram.]—Supported by the naval guns, the infantry today gained two kopjes, despite the heavy rifle fire. The British are still advancing.

British Recapture Rensburg Cape Town, Feb. 28.—[Special Cablegram.]—The British have recaptured Rensburg.

Buller Describes His Retreat London, Feb. 28.—[Special Cablegram.]—Gen. Buller reports to the war office from his headquarters on the Hlangwane Plain at eight o'clock this morning as follows:

"Finding the passage at Langewacht Spruit commanded by strong entrenched elements I reconnoitered, and found another Tugela river passage below the escarpment. On the twenty-sixth I began approaching, and finding the approach practicable I crossed with the guns and baggage back to the south side of the Tugela. I removed the pontoon bridge on the night of the 26th, to the Drift.

Exposed to a Galling Fire "During this time the troops were scattered, crouching under hastily constructed stone shelters, exposed to a galling shell and rifle fire. However we maintained the most excellent spirits. On the 27th, Gen. Buller with two battalions of the Sixth brigade and the Dublin fusiliers ascended the precipitous cliff five hundred feet, assaulted and carried the top of Pieter's hill, turning the enemy's left.

"The Fourth brigade under General Warren, assaulted the enemy's main position, which was magnificently carried about sunset. We took sixty prisoners and scattered the enemy in all directions.

"Still there are a considerable number of the enemy left on and under Bulwana mountain. Our losses, I hope, are not heavy."

Bad Luck in Natal Campaign

The city is quite today after yesterday's outbreak of jubilation, like the lull after a storm. The interest even in Buller's movement is at a low ebb. The feeling prevails that ill luck still attends the Natal campaign.

Ladysmith Still Besieged.

London, Feb. 28.—[Special Cablegram.]—While the nation has been absorbed in the movements of Roberts' forces in the vicinity of Kimberley General Buller, carrying on work quite as serious in its results, has nearly been overlooked for two weeks. The commander who made three previous failures in attempts to relieve General White's garrison has been fighting desperately to gain the long coveted goal.

His total losses to date are supposed to be 1,500, and yet it is predicted by war experts that he will have lost 2,500 before Ladysmith is actually relieved.

Buller Fights to Hold His Gain.

The latest address from Buller's column bears Saturday's date, and it is supposed the British general is still fighting to hold the position gained that day two miles out of Caesar's camp.

Ladysmith watches the approach of the relief force with uncontrollable anxiety, and White's naval guns are co-operating by fire with Buller's, but apparently the effect on the Boer stronghold at Bulwana Hill is not yet serious enough to induce the Boers to move out.

The garrison reports the enemy is sending heavy wagons northwards. The food supply of the town is holding out well and rations are only slightly reduced. Just now, however, the garrison is on full rations and probably will soon be ready to move.

Boer Fire Too Hot

Colenso, Feb. 28.—In the attempt of the Inniskillings to rush the Boer position on Pieter's Hill, the Boer fire was so terrible, when the infantry emerged from the cover of the trees, that almost every man in the leading half of the company fell wounded.

The advance line of the British reached a donga in front of the first Boer trench,

which was not apparent until they were actually in it.

The Boers retired to the crest and then returned on either flank of the Inniskillings, enfilading the captured donga with a terrible crossfire.

Finding it impossible to advance or to hold the position, the British fell back and entrenched themselves half way up the hill. The Boers maintained a heavy fire.

Second Attack Fails

In the course of the night the Dublin Fusiliers and the Connaughts arriving to support the Inniskillings, another determined attempt was made to take the Boer positions, also failed. A heavy fire continued throughout the night.

The Inniskillings lost fourteen out of seventeen officers killed and wounded, and about 250 noncommissioned officers and men killed and wounded.

Cronje Will Be Deported

London, Feb. 28.—[Special Cablegram.]—A Cape Town dispatch says it is reported that Cronje and his staff will be sent to the island of Mauritius. The official casualty list in the fighting at Paardeberg on the 23rd shows seven officers wounded, twelve men killed and seventy-five wounded and four missing. The queen today sent Gen. Buller a message deploring the losses sustained by the Irish regiments and expressing her sympathy and admiration for the splendid fighting qualities exhibited by them.

CRONJE'S SURRENDER NOT A SERIOUS BLOW

BRITISH GAIN IN THAT AFFAIR WAS NOT VERY LARGE.

Many More Battles Certain Before War is Ended—Engagement at Bloemfontein May Be Next Big Combat—Boer Leader Accomplishes Object in Delaying Roberts' Army.

[BY AN EXPERT.]

The surrender of General Cronje does not mean a crushing blow to the Boers—far from it. The campaign has only in reality commenced, and before the British can be said to have achieved the success aimed for, many serious battles must be fought, the next one probably at Bloemfontein, the capital of the Free State.

When Cronje left Magerfontein on the banks of the Modder river, it was because it became apparent to the Boer general that the British would have him in a trap unless he could save his heavy guns and effect a retreat toward Bloemfontein. It now appears that he did not take his entire army with him in his flight to Paardeberg, but rather had divided his forces so that a sufficient number should accompany the guns.

Cronje Saved His Cannon.

General French in his march from Kimberley did not intercept or find any trace whatever of the guns that the Boers removed from Magerfontein, so that it is now supposed that Cronje has successfully avoided the loss of his cannon to the British and the more mobile part of his original force has succeeded in taking up its stand with the heavy guns.

It is not yet known where the Boer guns have been taken. At all events, so far they are safe, and sooner or later they will be brought to bear against the British forces either at Bloemfontein or some part within the Transvaal.

Boer Plans Well Laid

It is now significant that when the brave and determined Boer commander was hemmed in by Roberts' forces at the Modder river and when it became known to him that General French was demonstrating toward Kimberley, he quietly removed his heavy cannon from the trenches at Magerfontein and sent them under a strong guard into the Free State or the Transvaal. The fact that fewer than 4,000 Boers have surrendered to General Roberts, shows that the Boer plans were well laid and that they anticipated a battle and possibly a defeat or surrender before the struggle at Bloemfontein.

Saves Guns and Half His Army

The object of such a move by Cronje is apparent. Had he been caught at Modder river and ultimately forced to surrender he would have lost about 9,000 men, but by dividing his forces and making a retreat before Roberts' army, no definite knowledge was had as to the number of men he had with him until the capitulation of Paardeberg. Meanwhile his greater and more mobile force had successfully escaped, carrying the heavy guns that had been so disastrous to the British advance.

Cronje could well afford to give battle to the British in order to delay their advance further into the Free State and to enable Boer reinforcements to come up and occupy Bloemfontein preparatory to making the stand there.

May Escape From Their Guards.

Unless a large force of British should accompany Cronje's force to Cape Town there is nothing to prevent their being interrupted along the line of railway by the Cape Dutch and their being supplied with arms and ammunition so as to overpower their guards and again commence hostilities against the British.

MAYOR DAVID ROSE NOT IN CONTEMPT

COURTS CANNOT ENJOIN THE MAYOR AND COUNCIL.

Ruling Made By Wisconsin Supreme Bench in Milwaukee Street Railway Contempt Cases—City Government is Held to Have Legislative Power.

Madison, Wis., Feb. 28.—Mayor Rose, City Clerk Schuengel, and the twenty-three aldermen who violated the injunction of the Superior court of Milwaukee county by passing the street railway ordinance will not be punished for contempt.

The Supreme court yesterday afternoon decided that a court of equity has no power to interfere with the acts of a common council, which is a legislative body, and that because of this lack of power the mayor and other city officials of Milwaukee were not in contempt of court when they voted on the ordinance in defiance to an order of the court.

The decision of the court written by Judge Cassoday is based wholly on the question of jurisdiction and the court reviews fully the power of courts of equity in such cases. At the same time it decides a number of important questions. The most important one to the people is that respecting the right of a municipality to sell franchises for street railways.

Right to Sell Franchises.

On this point, the court says: "The theory of the complaint is that corporate rights and franchises are owned by the city and were held in trust for its citizens and taxpayers and the public; and that the same were the subject of barter and sale to the highest bidder. Such corporate rights and franchises in this country are special privileges conferred by the sovereign power of the State or nation and do not belong to the citizens of the State or country by common right.

At common law such corporate rights and franchises are incapable of being seized and sold on execution. They are granted to a corporation or individuals for some specific purpose. They are consequently essential to the purpose and hence cannot be separated from it without restoring the grant. Of course such grant can be made upon condition or with any other restriction or limitation. Such corporate rights and franchises can only be sold, assigned or transferred when and as authorized by statute."

Right of Taxpayers.

The court also decides that a taxpayer is not the proper party to bring a suit for the setting aside of the ordinance, but it does pass on the right of an abutting property owner.

All that was accomplished by the proceedings yesterday was that the contempt proceedings fall, the main question at issue in the case of H. A. Schwartzburg having been settled in the lower court. The decision does not affect the standing of the case of the Linden Land company, which attacked the ordinance after its passage and on which an injunction was issued against the street railway company prohibiting it from accepting the ordinance.

DECIDES THE JONES ISLAND CASE

Supreme Court Gives Verdict Against Illinois Steel Company

Madison, Wis., Feb. 28.—The supreme court yesterday handed down a decision in one of the famous Jones Island cases, that of Joseph Budzicz against the Illinois Steel company. Budzicz is decreed to have a clear title upon the property on which he resides, which the Illinois Steel company sought to wrest from him.

Under the decision, it is claimed by the attorneys for the fishermen, the Steel company is likely to sustain defeat in its efforts to secure possession of the island, an effort which has up to the present time resulted in the expenditure of thousands of dollars.

The whole property involved is valued at about \$1,000,000. Litigation was commenced three years ago. Today's case is one of about 300 of the squatters residing on the island.

VOTE ADMIRATION FOR CRONJE

Maryland Legislature Passes Resolutions of Sympathy

Annapolis, Md., Feb. 28.—During the session of the house yesterday, bulletins were read by the clerk, announcing the surrender of General Cronje.

Mr. Lancaster of Charles county, offered the following resolution, which was referred to the committee on federal relations:

"Resolved, That this body of Maryland patriots express in regular order or through proper channels its intense admiration of the heroic stand made by General Cronje and his gallant band of heroes in their defense of man's dearest right, God-given liberty."

THREE MEN BLOWN TO ATOMS

Nitroglycerin Explosions Cause the Earth to Shake in Ohio

Marietta, Ohio, Feb. 28.—Three men were killed in the oil fields near this city yesterday by explosions of nitroglycerin. Harvey Benedict and Chester Campbell of Williamstown were blown to atoms while preparing to shoot a well. A few minutes later a load of nitroglycerin exploded, blowing to pieces Samuel Fleming, his team and wagon and shaking the country for miles around.

PROPERTY OWNERS MAY GET DAMAGES

SUPREME COURT HOLDS TELEPHONE CO. LIABLE.

Owners Have Rights When Poles Interfere With Full Enjoyment of Property—Farmers Lose Money on Potatoes—Owen Medal Contest—Wisconsin State News.

Madison, Feb. 28.—The Wisconsin supreme court has handed down a decision holding that a property owner may secure damages from telephone, telephone and electric light companies for placing poles in front of his property. The court holds that such poles interfere with the full enjoyment of the property and consequently damage to the owners' interests.

Farmers Lose Money on Potatoes

Plainfield, Wis., Feb. 28.—The potato market which has been steady all winter has dropped. The price for Burbank and King potatoes is only 25 cents a bushel. Thousands of bushels have been stored with the dealers here, farmers expecting better prices but now they have lost money on their crop.

Owen Medal Contest

Brodhead, Wis., Feb. 28.—The annual contest for the Owen medals will be held next Friday evening. The three contests for the best declamation, the best oration and the best extemporaneous speech will be held on the same evening, the winner in each case to receive a gold medal. About fifteen pupils from the High school will take part.

Pease Company Assignment

Racine, Wis., Feb. 28.—Yesterday afternoon the E. H. Pease Manufacturing company made an assignment to C. H. Adams, its secretary, for the benefit of its creditors. The company is one of the largest builders of elevator supplies and of tanning mills in the northwest. The officers claim they will be able to settle with all their creditors, who will lose nothing.

Wisconsin Lumber Dealers Meet

Milwaukee, Wis., Feb. 28.—The Wisconsin Retail Lumber Dealers' association met here yesterday in annual convention. A resolution was passed favoring the bill to increase the powers of the interstate-commerce commission. The long and short haul question is worrying the dealers, and they would like to see the tariff on lumber reduced from \$2 to \$1.

Sixth District Prohibitionists

Fond du Lac, Wis., February 28.—The Prohibitionists of the Sixth district held a mass convention here today and nominated Wesley Mott of Neenah, for congress. The following are the delegates to the national convention: A. F. Collins, Fond du Lac; C. L. Hill, Rosendale, and A. H. Clark, Ripon. Among those present was National Chairman O. C. Stewart of Chicago.

Death Came From a Silver

La Crosse, Wis., Feb. 28.—Julia Gannon, aged 32 years, died in great agony this morning of lockjaw. A sliver of wood under her finger nail was the injury which developed in the fatal malady.

GREAT SNOW STORM RAGING IN CHICAGO

Over a Foot of Snow Has Fallen and Street Car Traffic Is Paralyzed.

Chicago, Feb. 28.—[Special Telegram.]—A great snow storm has been raging in Chicago and vicinity since last night. Over a foot of snow has fallen. Street car traffic is almost completely paralyzed. All mails are delayed.

ATTEMPT MADE TO KILL

Two Shots Fired at President Castro of Venezuela—Neither of Which Took Effect.

Caracas, Venezuela, Feb. 28.—[Special Cablegram.]—An attempt was made to assassinate President Castro during the carnival parade yesterday. Two shots were fired at him, but neither took effect.

BRIDE DIES AT HER WEDDING

Fatally Stricken While the Ceremony is in Progress.

Perry, Ok., Feb. 28.—During the marriage ceremony of John S. Blair and Miss Nannie Somerset, north of here last night, the bride fell dead. The couple had just stepped forward in front of the minister, who began the wedding ceremony, when Miss Somerset was seen to reel. She was caught by her bridesmaid and the bridegroom and carried to a couch near by, where she died. She had complained of feeling sick before she left her dressing room for the marriage hall.

PLAGUE AGAIN IN HONOLULU

Three More Cases, All Fatal, Develop After Twelve Days

Honolulu, Feb. 20, via San Francisco, Cal., Feb. 28.—After twelve days passing without sign of the plague, three cases were discovered yesterday and all ended fatally. The victims were two Chinese men and a woman, half Chinese and half Hawaiian.

It is almost certain that one of the victims came to his death through eating infected food from a Chinese store. It is probable the case of the woman can also be traced to infected food.

JUSTICE GRAY MAY RETIRE

Washington Rumors Declare Judge of Supreme Court Will Resign

St. Louis, Mo., Feb. 28.—A Washington dispatch to the Globe-Democrat says: There were rumors at the White House today to the effect that Justice Gray is likely to retire from the United States supreme court bench, and that the president will have an opportunity to fill a vacant seat in the highest tribunal from his cabinet, as he did when Justice McKenna was appointed in 1897.

Justices of the supreme court of the United States are privileged to resign upon reaching the age of 70, with full pay for life. Justice Gray will be 72 years of age on March 24, and has served since his appointment by President Arthur, on Dec. 19, 1881. Justice Gray is five years older than either the Chief Justice or Justice Harlan, and from seven to seventeen years older than his other associates. The duties of the office being arduous and exacting for a man of his age, there will be no surprise at the White House, it is said, if his resignation is sent to the president within the next few days.

In this event it is agreed that the name of the present attorney general will be sent to the senate for confirmation as his successor. Mr. Griggs will be 51 years of age on July 10, and has served in the cabinet for a little more than a year, having been appointed to fill the place left vacant by the elevation of Justice McKenna to the supreme court bench.

SAYS THE FILIPINOS WON A BIG BATTLE

AGONCILLO GIVES FRENCH PRESS "OFFICIAL" REPORT.

This Communication Alleges That the American Troops Sustained a Severe Defeat at Batangas—Says Filipinos Have Never Been Conquered and Never Will Be.

Paris, Feb. 28.—Senor Agoncillo, the Filipinos' European representative, published in all the French papers today an "official telegram," announcing that the American column has been completely routed near Santo Tomas, Batangas, by the Filipino column under Gen. Malvar. The Filipinos, it was declared had taken forty prisoners, including the American commander and several officers, besides capturing 100 horses, many guns and all the Americans' provisions and ammunition.

The dispatch goes on to say that the army of the Filipinos "is more and more animated daily by the spirit of independence and by a resolution to continue the fight to the bitter end. It may be said that the war is only begun, since Aguinaldo has broken up his army to wage guerrilla warfare—a course which already has produced the most favorable results."

Source of His Report a Secret.

Senor Agoncillo, when questioned as to the source of his information, said: "I never get much out of a piece of news that has not been exact or that has not been confirmed. This information comes from a reliable source, which, it is possible, is neither known nor suspected. I cannot tell when it came or whence it emanates, but I guarantee its entire trustworthiness for it has been thoroughly verified."

"The Filipinos have never been conquered, and they never will be. They have 80,000 fighting men, ammunition is not wanting and guerrilla warfare if things take that final turn, can be continued for centuries. The advantages are on our side. This every Filipino knows."

Have Kept Quiet to Gain Time.

"The temporary lull inactivity is only for the purpose of gaining time and the Filipinos will start in afresh and the United States will find it more impossible to obtain their submission than has England to beat the Boers. It cannot be done."

Although Agoncillo spoke with great earnestness he is a wily oriental and undoubtedly a brag.

TO RAISE A SUFFRAGE FUND

Money to be Used in Securing Political Rights for Women

Washington, D. C., Feb. 28.—Miss Susan B. Anthony has undertaken to raise an endowment fund for the National Suffrage association, her aim being to secure not less than \$500,000, to be placed in the hands of twenty-one trustees, who shall use it as they see fit in behalf of the propaganda for equal political rights for women. Incorporation has been effected to carry out the plan and make the Board of Trustees self-perpetuating. The incorporators are Miss Anthony, Mrs. Julia L. Barber and Miss Mary Foote Henderson. The trustees are twenty-one of the leading women in the suffrage movement. Miss Anthony is to be the president of the Trust Fund company as long as she lives, and the fund is to be named in her honor.

MISSING WITH 70 ON BOARD

Five Fishing Boats and Their Crews Unheard of Since the Storm

Aberdeen, Feb. 28.—Five Aberdeen trawlers which started for the fishing grounds before the recent gale, have not returned, and all hope of their safety has been abandoned. Their crews number about seventy men and boys.

PORTO RICO BILL CAUSES ANXIETY

Vote on Measure Late This Afternoon Promises to Be Close

PRESIDENT FAVORS IT

Amendment Reducing the Duty to 15 Per Cent Passed By the House

Administration Republicans Bending Every Energy to Get the Bill Through—It is Part and Parcel of the McKinley Expansion Policy and Its Defeat Would Be a Democratic Victory—Senate Also in Doubt.

Washington, Feb. 28.—[Special Telegram.]—The House this afternoon passed the Porto Rican bill as amended.

Washington, Feb. 28.—[Special Telegram.]—The hardest fought political battle which has occurred in the house for years comes to an end this afternoon when the vote is taken on the Porto Rican tariff bill. Both sides this morning claimed a victory and the actual outcome will not be known until the roll call is completed. This condition of uncertainty is due to the absence from Washington of several republicans. It is certain that a solid democratic vote would defeat the bill but the republicans are counting on as high as five votes from the other side which would insure its passage.

Soon after the house convened an amendment reducing the duty to fifteen per cent was offered and adopted. The discussion was then resumed.

It is Republican Policy

Washington, Feb. 28.—This afternoon at 3 o'clock the house will vote on the Porto Rican bill, and the fate of that measure is still in doubt, with a probability that it will pass by the slender majority of from six to ten votes.

Not for years has such keen interest been taken throughout the country in a vote in the lower house. This is so because the result is in doubt, and also so because there is now a general recognition of the fact that the fate of this bill is to decide the future policy of the republican party and define the chief issue of the presidential campaign.

If the bill passes, as now seems probable, it will pass because a real or imaginary political exigency has made it necessary for the administration to throw the weight of its influence in support of the republican leaders of the house.

This president and the members of his cabinet have done, not because they admit they were wrong in their original recommendation of free trade with Porto Rico, but because the constitutional power of the government has been questioned by the Democratic opposition and because it might be fatal to the whole program of expansion to meet with a defeat which the country would construe as a denial of the power of the nation to hold colonies.

This is the real question involved in the struggle over Porto Rico and the president agrees with the republican leaders of the house that it is of infinitely more importance than anything else at the present moment.

DOMESTIC TROUBLE WAS THE CAUSE

Mrs. Frank Woelfer of Jefferson Shot Herself Twice With a Revolver.

Jefferson, Wis., Feb. 28.—[Special Telegram.]—Mrs. Woelfer wife of Frank Woelfer aged 30 years, shot herself twice with a revolver this morning. One of the bullets entered her lungs. She cannot recover. Domestic troubles was the cause.

WISCONSIN CROPS ARE FAIR

Winter Wheat and Rye Reported to Be in Good Shape.

Madison, Wis., Feb. 28.—Winter wheat is generally reported in good condition, and this is especially so in regard to the small acreage over the northern half of the state. In southeast counties slight damage is reported on thin soils. Rye is also reported in good condition and is thought to be unharmed by the cold. Conflicting reports are received in regard to grass. The ice harvest has been completed, and a large supply of ice of excellent quality has generally been secured. In the counties of the southern half of the state correspondents say fruit is unharmed.

CHINESE ANTI-FOREIGN POLICY

Attitude of Government Said to be Growing Daily More Menacing.

Peking, Feb. 28.—The anti foreign attitude of the government grows more pronounced daily and is regarded as extremely menacing to foreign enterprise. Never in the last forty years has the central government been so intensely anti foreign. Several Chinese have been impeached and imprisoned because they have assisted in obtaining concessions for foreigners.

TWO MASQUERADES HELD LAST EVENING

GOLF CLUB'S THIRD ANNUAL AT ARMORY.

Was Well Attended There Being Many Visiting Guests in Attendance—Benefit Dance at the Concordia Drew Out a Large Crowd—Given For Benjamin Marksman.

At the armory last evening members of the St. Louis Golf club held their third annual masquerade ball. In point of attendance it proved to be all that could be desired. But in point of unique costumes it was lacking. There were but few costumes worthy of mention. The balcony was filled with interested spectators as were also the seats about the spacious hall. No effort was made at decoration. On account of Lent dancing commenced at 8 o'clock.

Robert M. Bostwick as the lone fisherman was good as was also J. P. Baker as the German. Thomas O. Howe looked inviting in a French nobleman's costume. L. Hancock attired in a red silk dress created favorable comment.

Miss Agnes Shumway wore a fancy white costume that easily captured the honors of the evening. Miss Louise Crosby as the two faced girl from Kalamazoo, caused much guessing as to whether she was coming or going. Her costume was unique.

At 10 o'clock the grand march took place led by Miss Frances Shattuck of Minneapolis, and Charles B. Bostwick. Then came the unmasking. Prof. Johnny Smith and his most excellent orchestra were on hand and as usual gave entire satisfaction. The party was a big financial success, the club clearing about \$115. The floor was in charge of Mark Bostwick, H. L. Pulker, and W. A. Jackson.

Among the out-of-town guests present were:

Misses—
Frances Shattuck, Minneapolis.
Bertha Fish, Rockford.
Ethel Dow, Stoughton.
Lottie Bowen, Brodhead.

Messrs—
John Waldo, Minneapolis.
Morgan Wiso, Rockford.
Cleophas, Beloit.
Clinton Wilcox, Chicago.
Charles Dow, Madison.
Earl Anderson, Madison.
William Shattuck, Cumberland.
Len Wilcox, Chicago.
Fred O. Routh, New York.
John Blodgett, Chicago.
George Gilligan, Milwaukee.

Large Benefit Dance.
At Concordia hall last evening two hundred and sixty couple made merry at a benefit masquerade dance given for Benjamin Marksman. Several years ago Mr. Marksman was injured by a horse. He is a most worthy young man and the neat sum realized last evening will amount to about \$90.

The tickets were only twenty-five cents each. The grand march took place at 11 o'clock and then the usual surprises followed. Prof. Tuckwood's full orchestra was on hand and they furnished music that gave entire satisfaction. The committee of arrangements consisted of George Winslow, Dan Skelly, James Keenan and James Clark. The floor was in charge of Edward Gillespie, Thomas Furry, Harry Johnson and James Clark.

DISAPPOINT UNIVERSITY BOYS

That's What The Beloit Free Press Says

The Beloit Free Press says: Just 120 people paid for admission to the concert by the U. of W. Musical Dramatic Clubs at Janesville Saturday evening. The concert was a disappointment to the few people who did attend, as they failed to appreciate the force, did not like the Glee Club and were not enthusiastic over the Mandolin Club. The variety boys accordingly have a much different feeling for Beloit and Beloit people than for Janesville. That city has never failed to treat Beloit in the same way at every opportunity.

Children people often drift apart. The wife seeks to satisfy her heart craving, by society, "Always" from him. The husband finds the home dull and goes to the club. The happiest homes are those which echo to the love and laughter of childish voices. The conditions which preclude motherhood are often remediable. They grow out of a diseased or enfeebled condition of the delicate female organs. When these conditions are removed, and vitality and elasticity given to the organs of motherhood, it frequently follows that the home is gladdened by the coming of a healthy, happy infant.

There is no other medicine that will do as much for women as Dr. Pierce's Favorite Prescription. It dries up disagreeable drains, allays inflammation, heals ulceration, cures female weakness, and establishes the delicate womanly organs in a state of perfect health and vigor.

There is no alcohol, opium or other narcotic in "Favorite Prescription."

Any sick woman may consult Dr. R. V. Pierce, of Buffalo, N. Y., by letter, free. Every letter is held as strictly private and sacredly confidential.

"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time, and the doctor that I consulted said I would have to go through an operation before I could give birth to living children," writes Mrs. Minnie E. Evans, of Parsons, Litchfield Co., Pa. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine, and thought I would give it a trial as a last resort. I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it I felt better than I had for years. After taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness. I cannot say too much in praise of Dr. Pierce's Favorite Prescription."

Dr. Pierce's Pellets are a boon to women of constipated habit.

DAVIS HAS APPEARED HERE

Known Personally by Many Who Reside in This City

Charles Davis, better known to the theatrical profession as "Alvin Joslin," is dying in his home in Avolon, near Pittsburg. He is suffering with pneumonia.

During his brief career on the stage Actor Davis was noted for his valuable collection of diamonds and other gems which he displayed conspicuously on all occasions. For some time prior to each performance Davis' jewels would be exhibited in show windows.

NEWS AND PERSONALS FROM COUNTY TOWNS

Funeral of Joseph Phillips At North Johnstown.—News From Lima and Other Places.

North Johnstown, Feb. 28.—The remains of Joseph Phillips, a former resident of this place but who for several years has resided in Owatonna, Minn., were buried in the cemetery here the first of the week beside those of his daughter.

Clark Palmer of Whitewater, was in this place Sunday.

It is generally conceded that Saturday was the worst day of the season. The thermometer did not get above four below and the wind blew a perfect hurricane all day.

Rev A Longfield went to Summer Friday to attend the quarterly meeting, and will remain to assist in revival meetings until the last of this week.

Merritt Baker of Whitewater, was a caller in this place Monday.

Mrs. E. R. Osborn went to Janesville Tuesday last to attend the Midwinter fair and returned Thursday night.

Remember the W. C. T. U. meeting with Mrs. Helen Cary Thursday afternoon.

Fred Hanna who has been sick for a week is improving.

Mr. and Mrs. James Sprackling and Mrs. Carl Newton and Roy Cary and wife attended the Midwinter fair last week.

The ground in the cemetery is frozen to the depth of three feet.

Robbie Shumway took the first prize on his bantams at the fair last week.

Mr. Woodstock's family have moved to Lima Center. Our loss is Lima's gain.

RICHMOND

Richmond, Feb. 27.—The lecture given by Rev. McLean at the Methodist church Thursday night was very well attended, and everybody enjoyed it. Will Behlman is moving onto his new farm just purchased. Mr. and Mrs. C. D. Earnest are rejoicing over the safe arrival of a little girl. Never in the history of Walworth county has there been so many auctions. There is one almost every day. Jip Quinn is hauling marsh hay to Whitewater and says he receives \$6 per ton for it. Horses are beginning to be real property. One horse sold for \$115 at Mr. Connelly's sale last week, another for \$105, and nothing but common farm horses. Charles Stoller of Johnstown Center, and A. Y. Ryer and wife of Darien, visited at E. Stoller's Sunday. On account of the weather being cold on Saturday 23rd, G. W. Loomer has postponed his auction until Friday, March 2nd. C. H. Lawrence has been chosen as jurymen of Richmond and is now attending the circuit court at Elkhorst. Frank Kennett and family of Beloit is now a resident of Richmond, having moved onto his father's place. Quite an interest is being manifested in the revival meetings held at the M. E. church every night. The cinch party at Jim Holbrook's was well attended last Thursday evening and all had a very enjoyable time. Charles Stoller of Johnstown Center has purchased 20 acres of land situated in this place of his sister, Mrs. A. L. Ryer of Darien, having traded his house and lot towards the land. Consideration \$55 an acre. Mr. Stoller will probably build on his twenty next fall.

LIMA CENTER.

Lima Center, Feb. 27.—Quite a number from here took in the Midwinter fair at Janesville last Tuesday. Mrs. H. L. Jones and May Collins spent last Friday in Whitewater. Mr. Frank Benner and wife and Mr. McCarroll returned from Madison last Thursday. Mrs. Elia Elph rich went home with her cousin, Ada Crandall last Monday to Milton Junction. Mr. and Mrs. Woodstock enjoyed a visit from their daughter Effie last Friday. She resides in Janesville. The many friends of Prof. Dwight Blinn will be pained to learn of his death in California. Mrs. Chapman, brother family started Monday for Portland, Oregon, their future home.

STEBBINSVILLE

Stebbinsville, Feb. 27.—School closed Friday for a short vacation. Farmers are wanting free rural mail delivery in this section. John Hart will work the Joice farm the coming season. There will be church services here on Sunday March 4 and every other Sunday after at 11 o'clock a. m. Hans Jensen will move on his farm at Albion about April 1.

EMERALD GROVE

Emerald Grove, Feb. 27.—Mrs. Eda Scott of Clinton was visiting among her friends the past week. The church sociable that was held at Mr. and Mrs. J. Boynton's was well attended. Quite a number from this vicinity captured prizes at the Midwinter fair. The Woodmen gave their annual banquet last Friday night. There were about 175 present.

ROCK RIVER

Rock River, Feb. 27.—A large number from here attended the Midwinter fair at Janesville last week. Mrs. E. G.

Brightman is quite sick. Dr. Sutherland of Janesville, is attending her. Mrs. Cole was able to begin school again on Wednesday, after nearly three weeks' vacation. Watt Noyes was a caller at E. D. Vincent's, Monday. Born to Mr. and Mrs. Schmitt—a baby girl. Joseph Babcock was on the River Road Thursday, selling and advertising the "Pasture Stock Food."

Silver Wedding Anniversary.

Mr. and Mrs. James Conroy of the town of La Prairie, were pleasantly surprised last Tuesday evening, Feb. 20. On arriving home from an afternoon's visit, they found awaiting them about seventy invited neighbors and friends, it being in honor of their twenty-fifth wedding anniversary, the surprise being planned by Mrs. Dr. Mantley of Shopiere, and Mrs. Frank Finch of East La Prairie. The evening was pleasantly spent in playing cinch and other games. Also a thrilling speech from Squire Warner amused the guests for a short time. As a token of esteem they were presented with a handsome silver tea set and other articles. The presentation speech was made by Miss J. M. Stark, which was responded to by Mr. and Mrs. Conroy. The supper march was then played by the Warner and Conroy band, and the guests sat down to an elaborate repast that did justice to the occasion. At a late hour they their departure, wishing their host and hostess many more happy anniversaries. Those present were:

BELOIT CELEBRATES PAYMENT OF A DEBT

LINE CITY HAD A BIG JUBILA- TION LAST NIGHT.

Last Vestige of Bonded Incumbrance, Which Has Been Weighing on the Town For Half a Century, Cleared Away—Citizens Join in Jubilation and Hold Banquet.

Beloit, Wis., Feb. 28.—This city last night celebrated its riddance of a gold brick it bought in the year 1853. In speech and song the people were told that a monstrous debt, which has been weighing upon the municipality for nearly a half century, had been shaken off, and that Beloit today owed not a dollar. The celebration took the form of a banquet, participated in by local citizens and prominent guests from out of town, followed by a public meeting at the opera house.

Cost the City \$300,000

Forty-seven years ago Beloit, even then aspiring for metropolitan honors, subscribed for \$100,000 in the stock of a new railroad projected to run from Racine southwest through this city. The road was built, but sold under a mortgage and other judgments, so that the stock became valueless, and went with the road under the hammer. By delays and contests in avoiding the contract for stock the city finally had to pay a much greater sum. Interest and other costs increased the obligation until now more than \$300,000 has been used in paying this debt.

Speakers at Banquet

The following toasts were responded to at the banquet presided over by J. B. Dow:

"A Bird's-Eye View of the City from an Ex-Mayor's Standpoint"—C. F. Hardy.
"Public Improvements and Public Sanction"—B. S. Green.

"The Canceled Bonds as Related to the St. Paul Railway System"—James Croft.

"Municipal Ownership"—R. K. Welch, Rockford, Ill.

"The Medical Fraternity"—Dr. W. F. McCabe.
"How the Line Let the Chips Fall Where They May"—George E. Snager.

"The Inspiration of Legal Protection"—John C. Root, city attorney.

"The Law of the Gospel"—William Smith, lawyer, Janesville.

"Under the Wings of the Court"—Judge B. F. Dunwiddie.

"What Next?"—"Benediction and Prophecy"—John M. Whitehead, Janesville.

The speaking was interspersed with music by the Beloit College Quartet.

Mayor Simon Smith presided at the opera house meeting and delivered an address of welcome. Addresses were made as follows:

"Presentation of canceled bonds"—G. B. Ingersoll.

"Historical Sketch of Bond Transaction"—E. F. Hanson.

"Municipal and Civic Duties"—E. C. Ritscher, Chicago.

Music—City Band.
"Beloit"—E. G. Smith.

LATE NEWS BY TELEGRAPH.

GREAT BRITAIN RELIEVED.

News of Cronje's Surrender Causes Great Rejoicing.

JOY IS SOMEWHAT TEMPERED.

Press Warns the Public That the War Is Not Yet at an End—Surprise at the Small Number of Men Taken as Prisoners.

London, Feb. 28.—Commandant Cronje's surrender has given immense relief to England, not because it was any longer feared that he might escape, but because it was repugnant to Englishmen generally to realize that Roberts' army was engaged in the legal massacre of men who persisted in choosing death rather than the loss of independence. The fear of yet being placed in this position still exists, for it is felt that the resistance may still continue and half the Boer nation prefer to perish rather than to submit. Rejoicing over Gen. Roberts' great success is therefore not unrestrained, and even that sordid barometer, the stock market, was not buoyant yesterday.

The military situation, however, is certainly extremely favorable to the British. The relief of Ladysmith is regarded as a foregone conclusion within a few days, perhaps hours. Skillful movements by Gen. French's or some other division of Gen. Roberts' army should succeed in hemming in a large force of Boers between Gen. Roberts and Gen. Gatacre.

It is expected that Gen. Roberts will immediately advance against Bloemfontein, toward which place a column was advancing before Commandant Cronje's surrender. This column will probably find itself opposed by Gen. Joubert with an army partly drawn from Natal and partly from Northern Cape Colony and Pretoria.

It would be useless to speculate regarding the Boers' plan of campaign, but there appears to be little reason to credit the many rumors that it is the intention of the Boers to soon sue for peace.

The best feature of today's situation is the growth of genuine respect for their enemy among Englishmen, and the concession—somewhat grudging, perhaps—that his courage is in nowise inferior to their own.

The question is everywhere asked in the diplomatic world, what is Emperor William's reward for the enormous favor he has rendered Great Britain in inducing the sultan to turn a deaf ear to the representations of France and Russia? The belief gains ground that it is nothing less than a British pledge to support Germany against attack by either member of the dual alliance.

The correspondents with Gen. Roberts have not yet succeeded in forwarding details of the termination of Commandant Cronje's resistance, but there are brief references to a final attack by the Canadians and their comrades which indicate that they charged among the Boers.

Very little comes from Natal. It is reported that Gen. Buller is still severely engaged with the Boers and that he is trying to outflank them.

As an instance of the recent heavy British losses it is said that the Inniskilling fusiliers in attacking a Boer position Saturday night lost fourteen out of seventeen officers.

An armistice was agreed upon on Feb. 25 to enable both sides to bury their dead. It is reported that the Boers admitted losing 600 men.

Stories of their gradual withdrawal or preparation for withdrawal recur, but these reports seem to be largely conjectural.

TONE OF PAPERS MODERATE.

London Press Shows No Disposition to Exaggerate Results of Surrender.

London, Feb. 28.—The enthusiasm displayed over Commandant Cronje's capture throughout the British empire is reflected by the newspapers, which make gratified comments upon the result of Gen. Roberts' strategy. They laud Gen. Roberts, and at the same time recognize the valiant stand made by the Boer commander. There is, however, little disposition to indulge in an extravagant estimate of the results of the victory.

The Standard warns against exaggerating the consequences. It says that Gen. Roberts' success brings the termination of the war a step nearer, but it must not be supposed that the fruits of victory are ready to fall into British hands. Commandant Cronje's surrender does not cripple the Boers numerically, and the British have no right to assume that a single reverse, or even a succession of reverses, will reduce them to despair.

The Daily News, in a similar warning, points out that the very fact that Commandant Cronje was able to hold out against a vastly superior force may encourage the Boers to hope for the best from the defensive positions guarding the road to Pretoria, if not also those commanding the road to Bloemfontein.

The Chronicle declares that it would be unwise to regard Gen. Roberts' success other than as a mile stone on the long road over which the British have yet to march to final triumph.

The Morning Post regards the victory as the end of the first act.

The Graphic says that the effects

of the victory will be far reaching, though, perhaps, not decisive. The Telegraph is more optimistic. It says that the victory is of the most complete and effective kind.

Canada Will With Joy.

Toronto, Ont., Feb. 28.—Canada is wild with joy over Cronje's surrender, not, however, unmingled with grief for her fallen. Lord Roberts cabled to Governor General Lord Minto a brief message stating that the Canadians, by their dash and bravery, had secured and held a position within eighty yards of the enemy's lines, which had made Cronje's surrender a necessity, and the message closed with an expression of admiration for the gallantry of our soldiers.

Think End Is Coming.

Washington, Feb. 28.—Army officers in the war department are unanimous in their opinion that the defeat of Gen. Cronje is the beginning of the end of the Transvaal war. The opinion is freely expressed that Gen. Lord Roberts solved the situation by threatening the Boer line of communication between Pretoria and the army in front of Ladysmith. The defeat of Cronje, they say, will open the way for Gen. Roberts to advance upon Pretoria and necessitate the withdrawal of the forces besieging Ladysmith.

Newspaper Man Murdered.

London, Feb. 28.—Mail communications from Mafeking reveal the fact that an inquest was held into the death of Mr. Parslow, the correspondent of the Chronicle, who it was supposed here had been accidentally shot. The inquest, which was held on Nov. 2, resulted in a verdict of willful murder against Lieut. Murchison of the artillery, who was committed for trial.

Paris Hopes for Peace.

Paris, Feb. 28.—It seems to be a very general opinion here that the surrender of Cronje opens the way for friendly intervention. Such a move is regarded as possible now that England is victorious, while it was not when she was suffering defeat.

American Attache Arrives.

Washington, Feb. 28.—Consul Hay at Pretoria telegraphed the state department that Capt. Carl Blehman, Fifteenth infantry, U. S. A., who was sent to the Transvaal to report the operations of the Boer armies, reached Pretoria today and was courteously received.

Leyds Declines to Speak.

Brussels, Feb. 28.—Dr. Leyds, the Transvaal agent, declines to be interviewed on Gen. Cronje's surrender. His associates in the legation say that Cronje's overthrow will not stop the struggle. They still hope for final success, and say that it will be a war to the knife.

EMINENT EDUCATORS MEET.

Hundreds of School Superintendents in Convention in Chicago.

INTERESTING PAPERS READ.

Dr. Nicholas Murray Butler of Columbia. President-Elect of Harvard. President Wheeler of California and Others Present Views on Educational Questions.

Chicago, Feb. 28.—University hall was crowded Tuesday with school superintendents and other educators at the opening of the annual convention of the superintendence department of the National Educational association. Except at meetings of the association itself, there was probably never before such a large and influential body of educators assembled in this country.

The convention was called to order by the president, Augustus S. Downing of New York. Bishop Samuel Fallows offered prayer, and then Dr. Howard S. Taylor made an address of welcome in the name of the city. In the course of his remarks he advocated the application of civil service rules to public school teachers and in referring to institutions devoted to higher education, probably with the University of Chicago in mind, he said:

"When we see institutions of learning endowed—munificently endowed—from the spoils of corporate plunder, and taking their inspirations from these treasures, we cannot but wish the state would erect its own broad university and in the professional chairs would place men who cannot be bought or sold or influenced by the wishes of those in whose hands is the wealth by which their institutions are supported."

After Superintendent E. B. Andrews had made an address of welcome on behalf of the board of education, in which he paid a tribute to E. R. Boyer, the paper of the morning was read by Prof. Nicholas Murray Butler of Columbia university, his subject being "The Status of Education at the Close of the Nineteenth Century." In the course of his address Prof. Butler said:

"The nineteenth century is pre-eminently the period of individual liberty—political, religious, intellectual, industrial; and its manifold triumphs and achievements are due to the large opportunities which have been granted to individual initiative and to individual expression. The greatness, the shortcomings and the contradictions of the nineteenth century are alike due to this."

"Every conception of this nineteenth century, educational as well as other, has been crisscrossed by the doctrine of evolution. In whichever direction we turn we meet that doctrine or some one of its manifold complications. We have incorporated it into educational theory and have thereby shed a flood of light upon problems hitherto dark. Evolution has assisted mightily in that interpretation of individualism which I have just defended. It has bound the universe together by homogeneous law, and the relations of each to all, both physical and social, have become far clearer and more definite."

The paper was discussed formally by President Charles W. Eliot of Harvard university and W. T. Harris, United States commissioner of education, and informally by several other members.

In the afternoon a paper was read by State Superintendent L. D. Harvey of Wisconsin on "Two Opportunities for Improvement in the Administration of Graded-School Systems." The paper was discussed by State Superintendent Alfred Bayliss and others. State Superintendent Frank J. Browne of the state of Washington, who was to have read a paper on "Some Possible Innovations in School Administration," was not present.

At the close of the session the convention, after a spirited and somewhat heated debate, chose Chicago as the place of meeting in 1901, but voted down a motion to make it the place of meeting in 1902 also.

In the evening the visiting educators were tendered a reception at the Art Institute.

The principal paper at this morning's session was by Prof. W. O. Atwater of Wesleyan university, on "Alcoholic Physiology and Superintendence," which was discussed by Superintendent S. T. Dutton of Brookline, Mass., and Superintendent Richard G. Boone of Cincinnati. This afternoon a reception was given by the Chicago Woman's club in the Fine Arts building. The convention will continue in session till Thursday night.

Winter Wheat in Good Shape.

Springfield, Ill., Feb. 28.—The government crop report bulletin follows: "Winter wheat is generally reported in good condition, and this is especially so in regard to the small acreage over the northern half of the state; in the southern half a few reports in poor condition, but generally it is said to be in good condition, and some report it in the best condition in years. In southeast counties the slightest damage is reported on thick soils. Rye is also reported in good condition, and is thought to be unharmed by the cold; a small acreage is general. Conflicting reports are received in regard to grasses, but the prevailing opinion is that they are in good condition."

A CARD

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

If the Baby Is Cutting Teeth. Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Illinois Farmers' Institute.

Springfield, Ill., Feb. 28.—The annual meeting of the Illinois Farmers' Institute was held here Tuesday. The institute was in session until a late hour receiving reports of the year's work, laying out plans for the institute work of next year, and attending to other routine work. Officers of 1899 were re-elected as follows: President, G. A. Willmarth, Seneca; vice-president, L. N. Beal, Mount Vernon; secretary and superintendent of institutes, A. B. Hostetter, Springfield; treasurer, A. P. Grant, Winchester. No change was made in the membership of the board of directors, except to elect H. D. Hughes of Antioch to succeed C. J. Linderman, deceased, as member from the Seventh congressional district.

Business Part of Clarion Burned. Clarion, Pa., Feb. 28.—Fire destroyed the business section of Clarion early Tuesday and resulted in the death of former Judge W. W. Barr, who dropped dead from excitement. Fourteen business houses were destroyed. The loss will amount to \$150,000.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little seed dropped off. Twelve years have elapsed, and not a sign of the disease has returned."

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

S.S.S. For the Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31. I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps

the weak of all ages, helps and cures all womanly ills.

WANT FREEDOM FIRST.

All the Cuban political parties place independence first upon their list of demands, and will work to that end. A dispatch from Havana says:

Last night 70 out of 190 delegates to the central body of the National party and the local Longue, met and decided to resign in order to join the Federal Republican party. The latter was organized at Las Vegas, Santa Clara Province, about two months ago, and a branch was soon formed in Matanzas Province. The Havana branch is now forming, and it is hoped within a few weeks to have branches in the other six provinces, declaring for a republic on the federal plan of free worship, free speech, free press, free schools and closer economic relations with the United States. A committee is now preparing the platform. The Havana branch of this party is likely to enlist not only most of the Cubans who fought or assisted in the revolution, but the conservative element generally, including former Cuban autonomists and Spaniards.

The "National party" is being formed to oppose the Federal Republican party, and it is likely that there will be two tickets in the field, although both parties are in favor of much the same order of policies.

The Cubans appear to realize their new responsibilities, and are making a study of economic questions that will certainly show its effect.

The Madison Journal publishes the following:

JAMESVILLE IN GAY PARIS.
The art of living is a gay one, and plums more resplendent to the eye but for a commendable fruit commend us to the job that befalls our friend, Attorney Fellers of Jamesville. He is a commissioner to the Paris exposition. The expense fund will go far toward making good meet—but the reception, the easy swinging of the scales to secure of course, the privilege of taking by the hand the potentates of earth; swarthy from Tibet, and moon-eyed mandarins from the teardrop Putty-dam—such are the choice and gladsome vistas of possibilities that stretch before the eyes of one of our own number—over of Rock county. Call not nobles ungrateful! Say not that the path of politics is devoid of an occasional rose, a carnation perhaps, a spray of heliotrope, prodigally hurled from the overflowing hand of appointive power at the feet of willing obedience to the call of country.

The organization of the army provided at the present time consists of ten regiments of cavalry with three squadrons of four troops each; seven regiments of artillery, with fourteen batteries each, of which number two are siege batteries and fourteen light batteries; twenty-five regiments of infantry, each regiment being composed of three battalions of four companies.

Oshkosh people are hustlers and want everything in sight. They are now working to secure the State Fair, but it is unlikely that the fair will be taken from Milwaukee.

Marcus Daly admits that he spent \$25,000 trying to defeat Senator Clark. Some people are always ready to make great sacrifices for the good of their country.

England will provide a navy surpassing that of Russia and France combined. Evidently John Bull doesn't propose to be caught napping again.

The glass trust has been sued because of alleged crooked work, by minority stockholders who claim that the deal is not as transparent as it should be.

Wisconsin people will be pleased to learn that President Adams of the State University, who has been dangerously ill, is now on the road to recovery.

Cronje made the bravest kind of a fight, but to no avail. His case was hopeless.

TWO KILLED AND SIX HURT.

Rear-End Collision on the Missouri Pacific Near Kansas City.

Kansas City, Mo., Feb. 23.—The Missouri Pacific's local passenger train from St. Louis, known as No. 5, ran into the rear end of the same road's St. Louis day express, No. 1, a mile east of Independence and about ten miles east of this city, Tuesday evening. The killed are Mrs. J. G. Schmidlapp of Cincinnati, Ohio, and an unidentified woman. The injured are: Mrs. Elizabeth Peters of Kansas City, slightly burned; Mrs. Elizabeth Lee of Cincinnati, Ohio, slightly injured; J. G. Schmidlapp and daughter of Cincinnati, Ohio, seriously injured; William Vaughan of Cincinnati, employed on the Kansas City World, badly scalded; L. F. Sheldon, superintendent of telegraph of the Missouri Pacific, scalded; Brakenham McAtee of train No. 1, face and hands badly cut with glass and knee cap split open. A blinding snowstorm was in progress—the worst known here in many years.

STUDENTS SPREAD SMALLPOX.

Carry Germs of Disease from Detroit Medical College.

Detroit, Mich., Feb. 23.—The return of the students of the Detroit Medical college to their homes after being exposed to smallpox, may result disastrously in various sections. Until Tuesday the outbreak, supposed to have been caused by the dissection of the body of a smallpox victim, was confined to Detroit. Now the state board of health has been notified of a case in Wheatfield township, Ingham county, where one of the students developed the disease Monday. Since his return home he has circulated extensively among his neighbors. Health officers at places where the students have gone have been advised to keep the suspects under surveillance after vaccinating them, and to recommend general vaccination. The only other case reported Tuesday is that of an inmate of one of the cottages at the eastern asylum for the insane at Pontiac.

TEST PROVES SUCCESSFUL.

Telegraph and Telephone Messages in Opposite Directions on One Wire.

Chattanooga, Tenn., Feb. 23.—A novel and successful test was made today by which telegraph and telephone messages were transmitted over the same wire at the same time between Chattanooga and Knoxville. The East Tennessee Telephone company made a contract with the Postal Telegraph company to use its wires from Chattanooga to Knoxville. Before the contract was closed, however, this test was made, said to be the first of the kind in the country. Messages were telegraphed from here and were accurately received at Knoxville. At the same time a telephone message was being transmitted over the same wire from Knoxville to Chattanooga the message being accurately received here.

HE CAN CHOP DOWN THE DOOR

Rights of a Husband Defined by a St. Louis Judge

St. Louis, Mo., Feb. 23.—It remained for a St. Louis judge to define the rights of a husband in case of a domestic lock-out. In the case of Richard Maetzold, charged with chopping down the door of his residence, Judge Sidener, in discharging the defendant, said: "A husband, paying rent and owning his own furniture, has a perfect right to his home. If his entrance is balked, he may take an ax and chop down whatever he pleases in order to gain admission to his residence." The plaintiff, Mrs. Lizzie Maetzold, strode out of the courtroom like a tragedienne, raving vengeance upon her husband.

MAYA INDIANS ARE REPULSED

Make Two Attacks on Mexican Troops Near Sahab

Oaxaca, Mexico, Feb. 23.—A force of about 600 Maya Indians attacked a regiment of General Bravos' government troops near Sahab on Feb. 21, and, after a desperate fight, the Indians were driven back to their intrenchments in a dense forest.

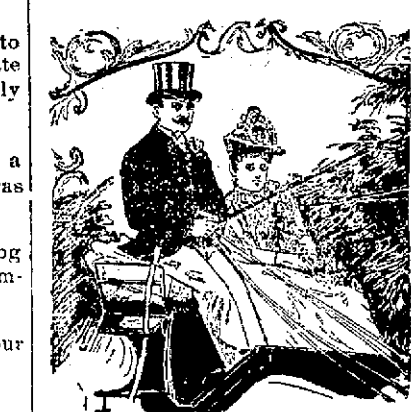

The Indians lost over 100 killed and wounded. The Mexican loss was three soldiers killed and seventeen wounded, including two officers.

Another fight took place on Feb. 25, the Indians again forcing the attack. They were repulsed with heavy losses. The Mexican casualties were one killed and ten wounded. The Indians have strong defense works and are armed with Krug-Jorgensen guns.

REDUCTION OF WASTE

IS TRUE ECONOMY

Inventions of Prof. Tripler for Rapid and Cheap Liquid Air Production.

One dollar expended in coal produces ten cents' worth of initial energy for motive power, there being a waste of 90 per cent in the process of combustion. Every device or experiment so far made to reduce this waste and increase the power-giving force of coal as a generator of initial energy has failed. The consumption of coal since the introduction of steam has been so enormous that already the fear of an ultimate failure in the supply of that mineral has long been entertained. Machinery is now a necessity. Its use is universal and far reaching. Implements of peace and war are manufactured by it.

Machinery is employed in plowing the ground, sowing the seed and reaping the harvest. It grinds the grain and assists in the preparation of food. With machinery linen, cotton, silk and wool are woven into fabrics; railroad trains are by its operation enabled to transport passengers and freight, and vessels are swiftly driven by it over lake, river and ocean. We have had the Stone Age, the Iron Age, the Copper Age, and now we have the age of steel and steam. By reducing water through heat into vapor human labor has been released from exhaustion, distance annihilated and the earth made more fruitful.

Coal and steam have achieved all these wonders, but a new agent has now made its appearance—one which promises to revolutionize in the near future all previous efforts in economic operations of machinery on land or water.

This new benevolence to mankind is liquid air, for it possesses the same nucleus of energy presented by steam, but loses practically nothing of initial force in expenditure. It is also 50 per cent cheaper in producing an average result.

Liquid air is the atmosphere reduced by compression and the application of intense coldness into a liquid form, which, on encountering the natural air from which it springs, resolves into a vapor possessing an expansive and driving power even greater than that of steam. It is also used in refrigerating at a cost far below the expense of ice, while it increases the preservation of perishable articles by giving forth a pure, dry air. In propelling machinery liquid air obtains the same results as does steam, but at less than half the cost.

So valuable are the inventions and processes of Professor Charles E. Tripler for rapid and cheap production of liquid air, a company has been formed with a capitalization of \$10,000,000, in one million shares, for the manufacture of this new product on a commercial basis and for commercial use. The company has been compelled to increase its existing plant to keep up with the demand, and careful observers are of the opinion that its stock will soon be quoted at a very high figure.

When it is stated that the consumption of coal on an ocean liner costs \$21,000 during a round trip, and that 3,500 tons of cargo capacity is absorbed by the storage of the fuel, the commercial value of liquid air as an economic factor will be readily understood. For the information of the uninitiated mind it may be stated that by using liquid air instead of steam an ocean liner would save \$10,500 and be able to earn \$18,500 on the additional cargo capacity of the vessel, a total of \$29,000. This one statement is sufficient to show that liquid air has a most promising future.

Are You Sick?
Do You Want to be Well?

If so, call on Madam Bell at her rooms. She tells you your disease at a glance, and cures you by her wonderful Magnetic Power. She uses no poisonous medicines and has no use for the knife. From one to ten treatments relieve the most stubborn diseases. One treatment relieves pain instantly. You can feel the magnetic current as it flows from her hand. Go and take it. It will cost you nothing. She is now with you with her Vital Magnetism, performing marvelous cures by the new science which cures all diseases. The Magnetic Healing is the most valuable system of practice ever brought to the light of the world of science, and it is infinitely more powerful in healing the afflicted than all other systems combined. It is not a FAKE, as many persons suppose, but a science embracing the grandest philosophical principles of any age. There is scarcely a form of disease on earth that cannot be cured by this treatment, including consumption, rheumatism, female troubles, scrofula, falling of the womb, general debility, sexual weakness, headache, dizziness, catarrh, enlarged tonsils, hay fever, indigestion and hip joint disease. In fact, every known disease readily gives way to this marvelous treatment, this method of healing being the only system. Madam Bell is now making her last tour of the continent. She goes in June to Paris, where she is under engagement for the season at the Paris Exposition.

DEKALB POSTMASTER TESTIFIED ON STAND

IDENTIFIED "TORONTO JIMMIE"
AS BEING IN OFFICE.

But His Testimony Was of a Very Vague Nature—When Asked If He Was Positive as to Identification—Was "Large Eyes" That Attracted His Attention.

William Howé, John Johnson and Thomas Terrell, the three alleged burglars who are charged with robbing the postoffice at De Kalb, Ill., on the night of November 7th, 1899, were before Judge Patten's court this morning at 9 o'clock for examination.

Failure on the part of witnesses to put in an appearance from De Kalb, Ill., and other places resulted in the case being adjourned till 1 o'clock this afternoon. On the noon train the much wanted witnesses arrived.

At 1 o'clock the prisoners were again brought before Justice Patten. After an hour's delay Attorney W. G. Wheeler made the suggestion that it would be much better for all if the use of the Rock county municipal court room could be utilized. Judge C. L. Fifield consented, and at 1:30 o'clock the officers, prisoners and the two dozen spectators present adjourned to the municipal court room, a few doors away.

At 2 o'clock the case was called, with Justice L. F. Patten presiding.

United States Attorney Henry T. Sheldon of Madison appeared in behalf of the prosecution and Attorney W. G. Wheeler for the defendants. Postoffice Inspector Bird and Postoffice Inspector Gould were on hand as interested spectators. United States Marshal Charles Lewiston and Deputy Marshal F. P. Meehan of Madison were also on hand.

The first witness called was M. A. L. Olson, postmaster at De Kalb, Ill.

Postmaster Olson stated that at the time of the robbery the thieves secured \$540 in money and \$2,700 in stamps. Two other men besides Postmaster Olson carried keys to the office. When asked by Attorney Sheldon if he could identify any of the three prisoners as men he seen in De Kalb the day prior to the robbery, Mr. Olson pointed out "Toronto Jimmie" and stated that he thought he had seen him on the day previous to the robbery, in the postoffice walking about in front of the general delivery store.

The second witness to take the stand was John Ferris, of Steuben, Crawford county, Wis. Ferris when asked what his business was said: "I don't have a great deal to do. I attend part of the time in the summer and trade horses out west the other part."

Ferris identified the three men stating that he saw them near a school house near Steuben on Feb. sixth or seventh, 1900.

REMEMBER I am headquarters for all kinds of fresh fish, received every day. John H. Jones, the grocer.

THEIR SECOND TRIP TO WAUPUN PRISON

WM. O'DONNELL AND LOUIS
O'ROURKE GET YEAR EACH.

Sentence Was Passed By Judge Fish at
Elkhorn Yesterday Afternoon—Pris-
oners Are Both Well Known Char-
acters—Have Frequently Been
Placed Under Arrest Here.

William O'Donnell and Louis O'Rourke, both residents of this city, were yesterday afternoon sentenced to one year each in the state prison at Waupun. At Elkhorn before Judge F. W. Fish they pleaded guilty to the charge of having received stolen property. This morning the two prisoners arrived in Janesville in charge of Sheriff S. H. Hollister of Walworth county. On alighting from the train the prisoners at once recognized several familiar ones to whom they bowed. They were then taken to the Rock county jail for safe keeping till the departure of the noon train for Waupun.

The prisoners have both been to the state prison before each having been sentenced to this city for larceny. They were then given one year each. The crime for which O'Donnell and O'Rourke must now suffer was the stealing of two watches at Whitewater last October. Two private houses were broken into during the night. The stolen watches were traced to this city. Here it was found that O'Donnell and O'Rourke had sold them. Their arrests followed. At Whitewater the prisoners were arraigned for a hearing and were held for trial.

Failing to give the necessary amount of bail the prisoners have since been confined in the Walworth county jail at Elkhorn. Yesterday afternoon both defendants expressed a desire to plead guilty. When arraigned before Judge Fish both admitted that they had been to the state prison before. Then sentence was passed.

THE CHURCH CHOIR ATTENDED

St. Mary's Church of This City Well Represented at Milton Junction.

Several members of St. Mary's church of this city visited Milton Junction last evening, where they attended a delightful entertainment. The program consisted of music by the Janesville Quartette; a reading by Miss Minnie Gill of Madison; a vocal solo, "Happy Days," by Miss Lillian Bourgmeier of this city, with violin accompaniment by Oscar Servatius; violin cello, J. Baldwin, and piano, Miss Tessie Gibbons, all of this city; music by the Male Quartette of Milton, and concluding with a five-act comedy drama, "The Deacon," in which William Vickerman played the leading role of "Deacon Thornton."

BEATEN, BURNED, AND ROBBED

Look at Cards May Result in Michael Sepkie's Death.

Chippewa Falls, Wis., Feb. 28.—Michael Sepkie, a Hungarian, is at St. Joseph's hospital in this city, brought here from Weyerhaeuser, Wis. Sepkie was playing cards in a barroom at Weyerhaeuser and won \$300. When he started for his home, over a lonely road two miles distant, it is believed one of the other men who were in the barroom followed him. Sepkie was found by a farmer an hour afterward. His face and head were covered with bruises and his clothes burned from his body. The flesh from his neck to his feet was horribly burned. The money, which was nearly all specie, was gone. A pipe, not owned by Sepkie, was found near the scene, and it is thought the assailant placed it there to give the impression Sepkie had set fire to his clothes by a lighted pipe in his pocket. It is believed the unfortunate man will die. Officers are making a thorough search for his assailant.

Heroic Work of a Boy.

Peru, Ind., Feb. 28.—Fire destroyed the large residence of Jerry Hardwick, near this city, Tuesday. Charles Hardwick, his 14-year-old son, proved himself a hero. He was the first to discover the fire, and being cut off from the rooms of the other members of the family, he jumped from a second floor window as that portion of the roof fell in. He then secured a ladder and rescued his mother, who is sick with typhoid pneumonia, and three younger sisters.

Gentle's Health Is Poor.

Paris, Feb. 28.—The health of Gen. de Gallifet, the minister of war, is very precarious. A severe attack of pleurisy has been aggravated by feebleness, resulting from the fact that the general had his stomach carried away in the Franco-Prussian war and has since had an artificial organ. This prevents his taking medicine, and his friends fear that death may supervene at any moment.

VOLNEY ATWOOD'S BIRTHDAY

Born Eighty-eight Years Ago Today—
Give Purse With Much Cash.

Eighty-eight years ago today Volney Atwood of this city was born in Franklin county, Vermont. Today Mr. Atwood quietly celebrated his birthday. Last evening this venerable gentleman received as callers Mr. and Mrs. E. G. Fifield, who are also among the early settlers of Janesville.

Mr. Fifield then presented Mr. Atwood with a purse containing \$197 as being a birthday gift from his many local friends. The gift was a complete surprise. In July 1837 Mr. Atwood settled in Janesville which was then a small trading post well supplied with Indians.

On June 30, 1847, Mr. Atwood and Miss Catherine A. Holmes were married in this city. She is the daughter of William Holmes, who located in Janesville March 9, 1836. Mrs. Atwood is one of the oldest living settlers in Rock county. Of the six children born to them three are now living, Charles A. Atwood, Mrs. E. V. Whiton and Anna E. Atwood, all of this city.

ALDERMAN GILKEY ATTENDING

Interesting Meeting of the Retail Lumber Dealers Association.

Alderman H. S. Gilkey was in Milwaukee today to attend the third annual meeting of the Wisconsin Retail Lumber Dealers' association, began its sessions in the Merchants' and Manufacturers' association rooms yesterday afternoon, with representatives present from all parts of the state.

The proceedings opened with the address of President W. F. Pierstorff of Middleton. He congratulated the members on the prosperous condition of the country, in which he said the lumbermen had shared.

WINTER EGGS UNPROFITABLE

Local Dealers Say the Hens Have Been Too Liberal.

Local grocery men and commission dealers who figured last summer upon making big money this winter by putting in large numbers of cold storage eggs have been sadly disappointed. Instead of reaping the reward for their labor they are called upon to face a heavy loss. It is estimated that the total loss in Janesville alone on storage eggs this winter will amount to a goodly sum. It is not probable that the dealers will be over anxious to risk putting in any great quantity of eggs in cold storage the coming summer.

STOLE PART OF TELEPHONE

Bold Thief Now Has the Rock County Company on the Alert.

Some enterprising person entered the public telephone booth of the Rock County Telephone company, located at the east end of the Milwaukee street bridge, and stole a portion of the instrument. The crime was committed last evening. The discovery was made this morning when workmen found the head of the receiver unsecured.

SMALLEST TAX SALE

KNOWN IN YEARS

Six Hundred Dollars Will Be the Sum

This Year Out of Total Levy

of About \$22,000.

City Treasurer James A. Fathers' office was a busy place today. The city tax sale for the year 1899 was on and the usual number of buyers were on hand. The amount of the sale this year is the smallest known in the history of the city for many years.

Out of a total levy of about \$22,000, for the year 1899, the amount of taxes offered buyers today was but \$600. The principal bidding was done by W. H. H. Macdonald, G. G. Sutherland and Nicholas Walsh.

DEWEY FAVORS RETENTION.

The New York Senator Speaks on the Philippines.

Washington, D. C., Feb. 28.—Previous announcement that Mr. Dewey (N. Y.) would address the senate today drew a large attendance of senators and a notable assemblage of spectators in the galleries.

The senator claimed that most of the questions raised as to our rights in the Philippines were purely academic. He said:

"We are in the Philippines; we are there to stay by conquest and treaty rights. I have heard no one dispute

CHAUNCEY DEPEW.

the righteousness of our war with Spain. The contention is that, it having been undertaken with the avowed purpose, and that only, of freeing Cuba from intolerable oppression, the forces of the United States should have been concentrated in and about the island, and when the Spaniards were expelled our country should have confined its efforts to the establishment of Cuban independence."

The senator said that at every stage of our country's expansion, the cry of "imperialism" had been raised, only to be laughed back into its crypt by prosperity, population, thriving industries, mutual benefits to the old and new states, and the blessings of American law and liberty impressing the people with the wisdom of the expansion.

"Whether our territories have come by conquest and treaty, by purchase, annexation or discovery, the people, congress and the country are unanimous in the affirmation of our title. The time will be brief until by similar unanimity Porto Rico and Hawaii, Guam and the Philippines are held to be equally and sacredly territory of the United States."

When Mr. Dewey took his seat at the close of his peroration an outburst of applause came from the galleries, which was checked by the presiding officer.

The Quay case was taken up, and Mr. Turley (dem., Tenn.) continued his speech in support of the resolution against the admission of Mr. Quay. Mr. Teller (silver rep., Colo.) referred to his vote against Mr. Corbett in the Oregon case, some years ago, and said that a vote for Quay would not be consistent with the vote against Corbett. The matter went over without action. Mr. Penrose giving notice that he would call it up tomorrow.

The Hawaiian bill was then taken up, the question being on Mr. Butler's (pop., N. C.) amendment for a postal savings bank. Mr. Cullom, in charge of the bill, asked Mr. Butler not to press the amendment, but to introduce a bill establishing the postal savings bank system throughout the whole country. He (Mr. Cullom) would favor and vote for such a bill. Mr. Butler consented and withdrew his amendment. Mr. Pettigrew (silver rep., S. D.) offered an amendment annulling all contracts made in Hawaii since August, 1898, by which persons are held for service for a definite term. Mr. Cullom said he was willing to have Mr. Pettigrew's amendment adopted, and it was adopted. After some further discussion on proposed amendments it was agreed that the vote on the passage of the bill should be taken before adjournment today.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 10c and 25c.

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by any "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at \$6.71

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

Price of Mining Fixed.
Springfield, Ill., Feb. 28.—The joint scale committee of the miners and operators reached an agreement today, which will cover the price of mining in the Peggria-Fulton district. The settlement is based upon a 2-cent differential, the miners at the outset having demanded 4 cents. This places the price of mining in this district at 59 cents, an increase of 11 cents per ton over last year. The settlement of the scale in Williamson county is now occupying the attention of the joint scale committee. When this is completed the machine differential will be taken up.

School of Corn Judging.
Urbana, Ill., Feb. 28.—The school of instruction in corn judging is having a week's session in the College of Agriculture of the University of Illinois. Several hundred farmers are present. The meeting is under the auspices of the Illinois Corn Growers' association, and its object is to teach the farmer how to judge corn and to inform him as to the best methods of cultivating the crop. Certificates will be granted to those showing proficiency.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. Big Fire at Newark, N. J.
Newark, N. J., Feb. 28.—Newark had its greatest fire Tuesday night. It began at 6:30 o'clock and was only under control at 10 o'clock. Building after building fell prey to the flames, including David Straus' big department store and several private dwellings. Four firemen were caught by a falling wall and severely hurt. The loss from the fire was fully \$1,000,000.

6,000 years have we waited for the greatest blessing ever offered. It doubles your joys and halves your sorrows. That's what Rocky Mountain Tea does. 35 cents. Smith's Pharmacy Kodak Agents.

Two Die of Bubonic Plague.
Honolulu, Feb. 20, via San Francisco, Cal., Feb. 28.—After twelve days without any new cases of plague, two cases were discovered here yesterday, both resulting fatally. One of the victims was a Chinaman and the other was a Chinese-Hawaiian woman. At Kahului, on Island of Maui, there have been no cases of plague since the first seven deaths reported, and in every way the situation there is reported as hopeful. At Hilo there has been no case of plague since that of Mrs. Serrao.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tons of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

The Ladies Missionary society of the United Presbyterian church of Rock Prairie, will give a supper at the home of J. J. McLay, Friday evening, March 2, 5 to 8. All are cordially invited. Tickets 20 cents. Children from 5 to 10, 10 cents.

PILING UP TESTIMONY

Nothing But Praise From All Sources.

Stands High in the Estimation of Those Who Have Tested its Merits

There is no doubt whatever as to the merits of Morrow's KID-NE-IDS judging from the good results obtained right here in this state. Morrow's KID-NE-IDS are used daily by many Janesville citizens and they all testify without any hesitancy about the great good they have received by the use of this great kidney preparation. KID-NE-IDS will positively cure kidney backache, dizziness, sleeplessness, nervousness and all urinary disorders arising from a disordered condition of the kidneys. Another citizen adds testimony as follows:

Mrs. P. N. Jenkins, 618 Broad street, Beloit, Wisc., says: "I take pleasure in recommending Morrow's KID-NE-IDS to any person suffering from kidney backache. A package of KID-NE-IDS used according to directions removed the pain from the small of my back, and I have not been bothered with backache since."

Morrow's KID-NE-IDS are not pills but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

The Tripler Liquid Air Company absolutely controls all the inventions, rights and appliances of Charles E. Tripler for the manufacture and utilization of liquid air. The priority and value of these rights constitute a MONOPOLY OF THE FIELD, since no other patents of practical utility have ever been granted.

THE COMPANY HAS A FACTORY IN OPERATION IN NEW YORK CITY, WHERE LIQUID AIR IS BEING MANUFACTURED IN COMMERCIAL QUANTITIES, AND IT IS BEING USED DAILY IN LEADING HOSPITALS AND FOR MOTIVE POWER.

NO LONGER AN EXPERIMENT.

Prof. Tripler's discovery—liquid air—has therefore passed the experimental stage and can now be profitably used everywhere for refrigeration and motive power, as well as in numerous other important lines. Its utility and practicability have been demonstrated beyond question.

Charles E. Tripler, President of this Company, is the inventor of the only practical devices for the production and utilization of liquid air on a commercial scale. He is not connected, directly or indirectly, with any other company, and is to liquid air what Thomas A. Edison is to electricity.

PRACTICAL USES.
The cost of refrigeration in the United States is estimated at over \$150,000,000 annually; by the use of liquid air a saving of over one-half is assured.

As a simple instance, in the shipment of fruit from California, 55 gallons (500 lbs.) of liquid air per car will do the work of 5 tons of ice, with dry air instead of moist air, and will save more than \$100 per car in ice and its freight.

This means over a million dollars profit annually, and is but a very small fraction of the immense refrigeration and cold storage business of the country, as well as that of ocean steamships.

For motive power on land and sea, liquid air will produce as great a percentage of saving and relatively greater profits than for refrigeration.

A GOOD INVESTMENT.
The directors now offer to investors one hundred thousand (100,000) shares of stock at Five Dollars (\$5.00) per share for the purpose of enlarging and equipping our present overburdened plant.

This is the first and only stock of this company which has ever been offered for sale to the public. The stock is full paid and non-assessable, and the stockholders are free from all liability.

The holders of stock in this, the parent company, will share in the profits resulting from the operations of the various foreign or local sub-companies, a large portion of the stock of which will be held by this company.

ITS PROSPECTS.
GOOD FINANCIERS BELIEVE THAT THIS STOCK WILL SOON HAVE A CASH VALUE OF MANY TIMES ITS PRESENT PRICE; AND THAT THE EARNING AND DIVIDEND PAYING CAPACITY OF THIS ENTERPRISE WILL BE EQUAL TO THAT OF THE GREATEST DISCOVERIES HERETOFORE GIVEN TO THE WORLD.

THE PERSONNEL OF THE DIRECTORY ASSURES AN EFFICIENT AND ECONOMICAL MANAGEMENT.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed, Tender not highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

GRAND MARCH CLEARING SALE OF FURNITURE

Begins March 1, 1900, and Continues Thirty-One Days, at W. H. Ashcraft's, 56 West Milwaukee Street, Janesville, Wis.

Having bought large quantities of Furniture of all kinds before the rise in prices, and contracted for one year's supply in advance, I am able to sell Furniture at this time, with two or three exceptions, as low as was ever offered. During the month of March I shall reduce my immense stock of Furniture, to give room for new goods arriving every day, and shall make prices on all kinds of Furniture so low everybody will want some.

MORRIS CHAIRS

Have been much talked of, and are used by a great many people. I have a good many and have cut the prices very low. I will sell Chairs, like cut, while they last, at

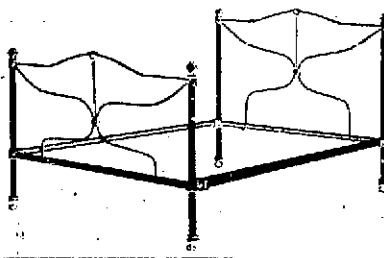

\$6.75.

Sold everywhere at from \$9 to \$12. They are finished in golden oak and imitation mahogany, and are a large size, well made chair. The cushions are covered in corduroy, velours and tapestry, and well made and filled with same material as higher priced cushions.

Although the price of iron is very high, during this month I will offer IRON BEDS, like cut, any size, at

\$2.75 Each.

Equally good a bed as sold elsewhere at \$5 to \$6.

I HAVE an immense stock of :

**Baby Carriages,
Go-Carts and
Reclining Carts**

And more arriving. I shall offer these Carriages and Carts at the lowest price during the March sale. No old stock—every Carriage new this year.

There is no limit in number to any person. Every one can have any number of beds he wishes. Besides this Bed I have an immense line of Iron Beds of different grades up to the very best. Also all BRASS BEDS.

I HAVE ON SALE THE BEST FURNITURE CLEANER AND POLISH

Made. It is something new and excels anything ever offered. It is put up in bottles and will be sold during March at 25c a bottle. It is the only Furniture Polish known that will remove all dirt and ink from furniture, and at the same time polish and leave a perfect finish. I will personally guarantee every bottle, and if not the best Polish ever used, will refund your money. Try it once and you will never use any other kind.

The above are but a few of the many bargains offered this month. Watch this ad. Call and see the many bargains; it will do you good. We like to show goods, give prices and tell you all we know of each article.

The Power Involved in Magnetic Healing

There is no power in the universe except the power of God or Law. This power exists in every form of force known to man. Man has no power of himself to change the law one whit; he can only learn that the law exists, learn how to comply with it and watch the results.

MAGNETIC HEALING

Is simply complying with the law of Nature, and the power of the healer is his knowledge of how to comply with that law. As to results, I can only refer you to the people of your own locality—people whose word you cannot doubt. Here is one of many:

ENTIRELY SATISFIED.

"PROF. DENNIS—I am glad to say that the five treatments which you gave me this month for Rheumatism in my shoulders and ankles were of real benefit to me and that I am entirely satisfied."

Dated Feb. 27, 1900.
